

ANNOUNCEMENT

Please help in congratulating Dustin Hess on his promotion to Production Manager in Decatur. Dustin came to us from WL Plastics where he worked for 6 years. Dustin started his career with Pipeline Plastics in 2017 as a line operator and quickly worked his way into a supervisor position. His process knowledge combined with his administrative and leadership skills will serve him well in his new role.

When not making pipe, Dustin enjoys spending time with his nieces and nephews. Dustin is also an avid outdoorsman who enjoys fishing, golfing, and other activities.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jordan Latham'.

Jordan Latham
Vice President - Manufacturing
